(THE “PORTFOLIOS”)

IMPORTANT

8 November 2024

Dear Shareholder,

Important information: Changes to the investment policies of the Portfolios

We are writing to let you know that the Board of Directors of the SICAV (the “**Board**”) is making a change to the investment policies of the Portfolios listed above to broaden the permitted regional exposure, beyond Asia, to include investment in companies in the wider Asia Pacific region or which have significant Asia Pacific business operations (excluding Japan).

The amended investment policies will be adopted from 12 December 2024 (the “**Effective Date**”).

For any capitalised terms below that are not specifically defined, please refer to the definition in the “Glossary” section of the Prospectus which is available in the document centre of our website www.columbiathreadneedle.com.

What is changing?

The changes to the investment policies are set out in the table below:

Portfolio	Current investment policy (extract)	New investment policy (extract)
CT (Lux) Asia Equities	The Asia Equities Portfolio seeks to achieve capital appreciation by investing principally in the equity securities of companies domiciled in Asia (excluding Japan), or with significant operations in Asia (excluding Japan), including through depositary receipts. Why are we making these changes?

The current investment policies of the Portfolios refer to investment principally in companies in Asia (excluding Japan). This means that the Portfolios invest at least two-thirds of its assets in shares of companies domiciled in Asia (with the exclusion of Japan), or which have significant Asian (excluding Japan) business operations. The Portfolios are therefore restricted in how much they can invest in companies beyond Asia, in the Asia Pacific region. By broadening the investment policies, the Portfolios will have access to a wider range of markets and companies in the region.

The reference index of the Portfolios is the MSCI AC Asia Pacific ex Japan Index. By making the changes to the investment policies, this will better align the Portfolios investment policies with the index, and we believe these changes will also help you to better measure and evaluate the performance over time against the index.

Shareholders should note that we do not expect the changes to result in any change to the way in which the Portfolios are currently managed or their risk profiles.

What do I need to do?

You do not need to do anything as a result of these changes, which will take effect automatically on the Effective Date.

What can I do if I disagree with the changes?

Shareholders may redeem their shares in the Portfolios, or exchange their shares into shares of an alternative Portfolio of the Columbia Threadneedle (Lux) I SICAV, free of any charges, by submitting a written request to the Registrar and Transfer Agent: International Financial Data Services (Luxembourg) S.A. until 15.00 Luxembourg time on [11] December 2024.
