5 June 2025

Dear Shareholder,

Important information: Closure of the CT Emerging Market Local Fund – action required.

As you are a Shareholder in the CT Emerging Market Local Fund (the ‘**Fund**’), we are informing you of our decision to close the Fund on Tuesday 5 August 2025 (‘**the Effective Date**’).

We would encourage you to take time to read this letter carefully as it relates to a Fund in which you are invested. The reasons for the closure of the Fund and the options available to you are explained in more detail below.

Why is the Fund closing?

We keep our range of funds under regular review and are committed to offering shareholders the best possible opportunities and value for money. Following a recent review, we have decided to close the Fund due to various factors.

The Fund has experienced a continuing decline in assets, underperformed its benchmark and failed to attract significant new investment during the last five years. For these reasons, it is unlikely that the Fund will attract new investors in the future. Without additional investment, the Fund is not viable as its decreasing size makes it difficult to manage efficiently and meet its investment objective and policy on a long-term basis. As such, we believe the closure of the Fund is in the best interests of shareholders.

When will the Fund close and what happens?

Dealing in the Fund will be suspended (which means you will no longer be able to buy or sell shares in the Fund) from 12:01pm (UK time) on Monday 4 August 2025. The closure of the Fund will commence immediately after 12:00 noon on Tuesday 5 August 2025, the Effective Date.

What are my options?

You have the following options to choose from:

1. **Switch into a different fund prior to the Fund’s closure:**

You can switch your shares free of charge for shares of another UK domiciled Columbia Threadneedle fund(s) managed by Threadneedle Investment Services Limited (TISL) up until 12 noon (UK time) on 4 August 2025. The list of available funds is included in this letter, and details of these funds can be found on our website www.ctinvest.co.uk/literature.

Before you switch your shares to another fund, it is important that you read the Key Investor Information Document(s) (KIID) for the fund(s) you wish to switch to. To switch to another UK domiciled Columbia Threadneedle fund(s) managed by TISL, you can call us on the number provided at the end of this letter, or complete and return the Form of Direction included in this letter.

We have also enclosed a reply-paid envelope that you can use.

Please note, in order to switch your shares into shares of another Columbia Threadneedle fund(s) before dealing in the Fund is suspended, we must receive your instruction via phone, mail, or your Form of Direction to switch, before 12 noon (UK time) on 4 August 2025. Any instructions received after this time will not be accepted, and we will sell your shares and send you the proceeds instead, subject to the Anti-Money Laundering requirements outlined below.

2. Sell your shares prior to the Fund's closure:

You can sell your shares before dealing in the Fund is suspended at 12:01pm (UK time) on 4 August 2025.

To sell your shares, please call us on the number provided at the end of this letter, send a request signed by all holders or complete and return the Form of Direction. We've enclosed a reply-paid envelope that you can use.

Please be aware that if you choose this option and sell your shares before dealing in the Fund is suspended at 12:01pm (UK time) on 4 August 2025, and if your shares are held in an ISA, then your investment will lose its ISA status.

3. Take no action – automatic sale of your shares:

If you take no action by 12 noon (UK time) on 4 August 2025, your shares will be automatically redeemed, and the proceeds will be sent to you.

We will sell the Fund's portfolio of investments in the period after its closure on the Effective Date. We envisage this should take a maximum of 5 working days. As soon as possible after that, you will receive a cash payment in respect of the net proceeds by the method we have on file for you.

Note that we will write to you if there are any outstanding requirements preventing us from releasing the proceeds to you. Alternatively, if you are unsure on whether there are any outstanding requirements on your account, such as the Anti-Money Laundering requirements outlined below, please contact us – our details are in the "Further Information" section at the end of this letter.

As a consequence of market movements between the Effective Date and the date on which the bonds and other investments held by the Fund are sold, you may get more or less than the value of your holding on the Effective Date.

Please be aware that if you do not take any action by 12 noon (UK time) on 4 August 2025, your shares will be automatically redeemed and if your shares are held in an ISA, then your investment will lose its ISA status.

I hold the Fund in an ISA. What options do I have to keep my investment in an ISA wrapper?

If you want to keep your investment in an ISA, you have the following options:

1. **Switch into a different fund prior to the Fund's closure:** Switch your ISA investment free of charge into another Columbia Threadneedle fund(s) managed by TISL (the list of available funds is included in this letter, and details of these funds can be found on our website www.ctinvest.co.uk/literature) by calling the number at the end of this letter, or complete and return the enclosed Form of Direction. We have also enclosed a reply-paid envelope that you can use. Please note we must receive your instruction via phone or your Form of Direction to switch before 12 noon (UK time) on 4 August 2025.
2. **Transfer your ISA investment to another ISA manager:** To do so you will need to complete an ISA

transfer form and send it to your new ISA manager, who will then contact us to complete the transfer. Please note that ISA transfers can take around 30 days to complete, so you need to ensure you allow enough time for your ISA manager to complete the transfer.

If you transfer your investment in-specie (i.e. transfer assets instead of cash) to a new ISA manager before the Effective Date, your shares in the Fund will still be redeemed on the Effective Date and the cash sent to your new ISA manager.

If there are any outstanding requirements on the account such as the Anti-Money Laundering requirements outlined below, this can delay the transfer. If you are unsure on whether there are any outstanding requirements on your account, please contact us by calling the number at the end of this letter.

If you do not take any action, your shares in the Fund will be sold from the Effective Date, and your investment will lose its ISA status. Proceeds will be sent to you after closure, subject to the Anti-Money Laundering requirements outlined below.

Are there any tax implications?

Please be aware that a switch into another Fund in our range (Option 1), a redemption of your shares prior to the Fund closure (Option 2) or the automatic redemption of your shares following the closure (Option 3) may be deemed a disposal of shares for capital gains tax purposes for non-ISA holders, and there may be tax implications depending on your individual circumstances. We are unable to provide tax advice and we therefore suggest that you seek professional advice about any potential tax implications.

What do I need to do?

Please let us know what action you would like to take by 12 noon (UK time) on 4 August 2025. If you decide to take no action, your shares will be sold on the Effective Date and the proceeds sent to you, subject to the Anti-Money Laundering requirements outlined below.

Anti-Money Laundering

Please note that we must have complete anti-money laundering documentation from you before we can pay any proceeds to you. If documents are outstanding, the proceeds will be held in a non-interest bearing client money account until all outstanding documentation has been received. If you are unsure whether any anti-money laundering documents are outstanding, please contact us.

Will I have to pay any of the winding-up or termination costs of the Fund?

No, Columbia Threadneedle Investments will bear all these costs.
