Dear Adviser,

columbiathreadneedle.com

Important changes to the CT European Smaller Companies Fund – no action required

We have written to investors in the CT European Smaller Companies Fund (“the Fund”), to inform them of some changes we are making to the Fund.

What changes are you making?

The Fund’s investment objective and policy is being amended on 31 July 2023 (“Effective Date”), to reflect the change of benchmark index from the EMIX Smaller European Companies Ex UK Index (“current benchmark”) to the MSCI Europe ex UK Small Cap Index (“new benchmark”). In addition, we are also taking this opportunity to define the time period over which the Fund aims to achieve its investment objective of capital growth, i.e. “over the long term” means “5 years or more”.

Why are you making this change?

We are changing the benchmark of the Fund as the current benchmark provider (IHS Markit Benchmark Administration Limited (IMBA)) has informed us that they are discontinuing the current benchmark and it will not exist from 31 July 2023.

As a result, we have carried out a review to find an alternative benchmark and have decided that the new benchmark is the closest equivalent to the current benchmark and provides an appropriate alternative benchmark for the Fund.

The new benchmark index provides a suitable target benchmark against which Fund performance will be measured and evaluated over time. It represents smaller sized companies across 14 developed countries in Europe excluding the UK, currently with over 700 companies included.

The current and amended investment objective and policy is set out in the appendix to this letter.

How will this affect my clients’ investment?

Your clients’ investment will not be affected. The Fund will continue to be managed in the same way and the changes will not impact the risk profile of the Fund. The value of your clients’ investments and the number of shares they hold will not be affected.

What action do my clients need to take?

Your clients do not need to take any action as a result of these changes.

What can my clients do if they disagree with the changes?

Your clients have a number of options, should they disagree with the changes. They can choose to redeem their shares, or they can switch their investment, free of charge, into another Columbia Threadneedle fund within our UK range. Only funds managed by Threadneedle Investment Services Limited (TISL) (part of the Columbia Threadneedle group of companies), are currently available for this purpose.¹ Should your clients decide to redeem or switch their shares, it may trigger a taxable event.

We are unable to provide tax advice and we therefore suggest that investors seek advice from their tax adviser about any potential tax implications before they take any action.
