This information should be read in conjunction with the Prospectuses for Columbia Threadneedle (Lux) I &

The dilution adjustment for each Fund will be calculated by reference to the costs of dealing in the underlying investments of that Fund (including any dealing spreads) and these can vary with market conditions. This means that the amount of the dilution adjustment can vary over time. The rates above reflect the amount of dilution adjustment based on securities held in each Fund and market conditions at the time of this update. Market conditions or other events may mean that the rate applied to your deal may differ.
